

Drop-and-Go

For those with annual household incomes up to \$57,000

Make an appointment

- Schedule an appointment to bring in your documents. Your appointment will take about 15-30 minutes.

Bring in your tax documents

- Your tax preparer will scan your documents to be prepared, ask you a few easy-to-answer questions, and make sure all your information is correct.

Go About Your Day

- We'll work on your return after you leave. We'll prepare your return in about a week.

Review

- Once it's completed, you'll receive a call letting you know your return is ready. A tax preparer will then review and finalize the return with you.

Get your return!

- Once the return is filed, you'll receive a copy of your completed return. When filed electronically, refunds are usually issued in 3 weeks, and even faster when you choose direct deposit.
